Administration

FEMA

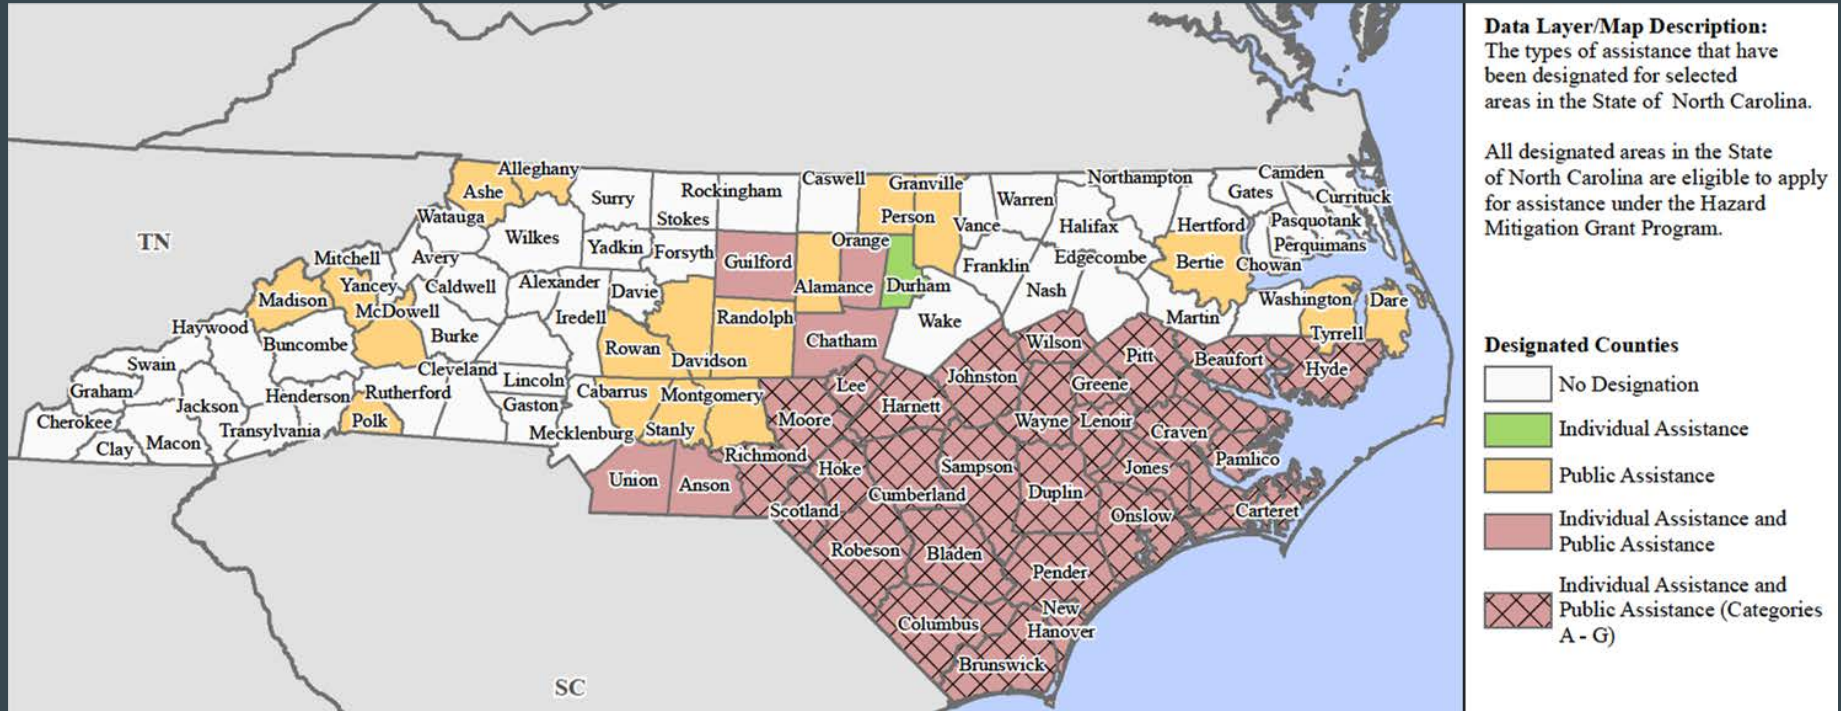

# Section 406 Public Assistance Program

- Managed by the state, funded via Stafford Act.
- Funds mitigation in conjunction with the repair of **disaster-damaged facilities**
- Applied on the parts of the facility **damaged by the disaster** and the mitigation measure directly reduces the potential of future, similar disaster damages.

# Section 406 Example Projects

- Relocation
- Slope stabilization
- Protection from high winds
- Flood proofing of buildings
- Flood protection of bridges and culverts
- Protection of utilities

# FEMA 393-DR, NC Disaster Declaration as of 11/15/2018

# Section 404 Hazard Mitigation Grant Program

- Managed by the state, funded via Stafford Act.
- State receives 20% of total federal share of declared disaster amount to fund projects **anywhere in state** not just presidentially declared counties.
- Funds protection to undamaged parts of facility or to prevent/reduce damages in future disasters.

# Section 404 HMGP Example Projects

- Hazard-prone property acquisition & conversion to open space
- Retrofitting existing buildings and facilities
- Elevation of flood-prone structures
- Vegetative management/soil stabilization
- Infrastructure protection measures
- Stormwater management
- Minor structural flood control projects
- Post-disaster code enforcement activities
- Development/improvement of warning systems

# Section 428 Alternative Procedures

- Managed by FEMA, funded via Stafford Act (alternative use of PA funding, including Sect. 406).
- Eliminates 15% penalty for alternate projects.
- Funding based on fixed project cost estimates.
- Funds alternative projects, and allows excess funding to be used for activities that reduce the risk of future damage (e.g., mitigation, planning).
